Mr. Daniel Cleary Appointed President of Mitsui Seiki USA, Inc.

[Franklin Lakes, NJ – July 5, 2023] Mitsui Seiki announces that Mr. Daniel Cleary has been chosen as the next President of Mitsui Seiki USA, Inc.

“It is my sincere privilege to be the new President of Mitsui Seiki USA,” said Mr. Cleary. “I am incredibly proud to lead this organization and equally excited to have the opportunity to work with such a talented and enthusiastic group of people.”

Mr. Cleary’s passion for innovation, process improvement and superior customer service are a great complement to Mitsui Seiki’s forward thinking and inventive culture. He plans to focus his attention on the company’s investment in people, technology and infrastructure in order to position Mitsui Seiki as an industry leader and the preferred machine tool supplier for many years to come.

“I was a customer of Mitsui Seiki first, so I know our talented team of engineers, technicians, sales professionals, and service staff are among the best in our industry. At that time, no one else could build a machine that could do what we needed,” said Mr. Cleary. “As the requirements for industry 4.0 and 5.0 continue to evolve, our customers will need to continue to find new and creative ways to improve quality and sustainability while making capacity, cost and production optimization a priority. Mitsui Seiki will be there to help.”

Mr. Cleary comes to Mitsui Seiki from The Bromford Group (Hartford, CT) where he served as the Vice President of Group Strategy.
